

The THBEA “Books We Like” List – 20191007

The Texas Honey Bee Education Association board members like the following books for beginning and intermediate beekeepers.

The intent of this list is to point beekeepers to resources which THBEA’s board members have found useful in their beekeeping journey. The list is in no particular order.

If you’d like to add a book to the list, e-mail comments@thbea.com with your recommendation. This list is designed to be a “living” document.
